What makes the Local Offer different?

- The Local Offer is being collaboratively developed by children, young people, their parents and their carers.
- It is more than a directory of services. It brings everything together in one place.
- It provides all the information you need to help you identify suitable support, so you can make informed decisions about the resources needed to enable the child or young person with SEND to be able to participate, and achieve their outcomes
- The Local Offer will inform joint planning and commissioning of services within Education, Health and Social Care.
- It is organic and constantly refreshed and developed based on the feedback we receive.
